

## Corporate Membership Opportunity

Generator makerspace is a vibrant, shared design and fabrication environment dedicated to supporting the creative, education and production needs of our over 300 members. It offers universal access to studios, shared tool-sets, programming and a vibrant, solutions-oriented community in a 8500 square foot facility.

### **Six Shop Areas**

Wood, Metal, Jewelry, Prototyping, Electronics, and Design – foster creativity, learning, and fabrication among our members.

### **Classes and Tool Certifications**

From 3D Printing, Welding and Woodworking to Comics & Graphic Novels Workshop and Laser Cut Board Game Design—offer opportunities to learn new skills with over 100 classes per year.

### **Big Maker and JumpStart Entrepreneurship Speaker Series**

Invites emerging innovators and business experts across disciplines to present a public lecture and hands-on experiences with Generator members.

### **Three Residency Programs**

Maker in Residence, Educator in Residence and our new JumpStart entrepreneurship program foster the development of artists, educators, and entrepreneurs on a year-round basis.

### **Two University Exchange Programs**

The University of Vermont and Champlain College support collegiate creativity, innovation and entrepreneurship.

### **Community Service Opportunities**

Through teaching and mentoring via our numerous community outreach programs, workshops, meet-ups, and special events Generator provides opportunities for local companies to find ways to give back to the next generation of creative and entrepreneurial talent.

### **Branding and PR Opportunities**

Enjoy prominent branding in Generator's South End makerspace as well as events. Receive affiliation and exposure on our website on online communications.

## Corporate Membership Tiers

Corporate memberships include full access to shops and equipment during open hours, free new member orientation, discounted access to classes and tool trainings, participation in member meetings and events, individual member directory listings, as well as over 80 meet-ups, lectures, special events and community service opportunities each year.
